1. Minutes of September 4, 2013 Meeting

2. Additions or Deletions to the Agenda

3. Public Comment period:

4. Request for Extension of Hangar Lease – Doug Young: Doug Young has a hangar lease, has completed some construction to the site, and is actively trying to sell his interest in the lease. He would like an additional year extension on the requirement to complete the hangar construction, and is willing to make a payment-in-lieu-of-taxes in exchange for this extension.

5. Update – Junction Wharf Walkway Project: This project involves the construction of a paved walkway around most of the wharf perimeter, as well as access to picnic tables by those in wheelchairs. The project began this week – further update will be provided at the meeting.

6. Landfill Closure Inspection and Financing: The DEP conducted an annual inspection of the closed landfill and borrow pit area a few weeks ago – overall, the report shows the closure construction is to the DEP's satisfaction. The TM will offer an update on this inspection report and also discuss a possible re-financing of the landfill closure costs.

7. Driver's License Satellite Location: At the request of a member of the Board of Selectmen, this item has been added to the agenda. The Secretary of State's division of motor vehicles has satellite locations in remote areas to renew driver's licenses, including in Dover-Foxcroft and in Jackman. Would the Board of Selectmen favor requesting such a location at the Greenville Town Office?

9. Town Manager's Report:

11. What's on your mind? - An opportunity for Selectmen to share questions, concerns, ideas or suggestions - informational only.
